

Congress of the United States  
House of Representatives

May 2, 2025

The Honorable Tom Cole  
Chairman  
Committee on Appropriations  
United States House of Representatives  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
United States House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Leland's Basin Street Extension Project in Fiscal Year 2026. The entity to receive funding for this project is Town of Leland located at 102 Town Hall Drive, Leland, NC 28451. The funding would be used to complete the design and pre-construction work for the extension of Basin Street from Old Fayetteville Road to Village Road.

The project is an appropriate use of taxpayer funds because the benefits of this project will create connectivity of multiple neighborhoods, including a high school, in one of the fastest growing communities in the state. Currently, North Brunswick High School is isolated from northern residential communities it serves by Sturgeon Creek. By extending Basin Street, the project will reduce traffic and commute time to school, work, and recreation. Multi-use pathways will serve the student population to protect pedestrian commuters around the high school.

The project has a federal nexus because the funding provided is consistent with purposes authorized in Section 133 of title 23, United States Code, as amended by title III of division A of the Infrastructure Investment and Jobs Act

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
