Congressman David Rouzer, NC-7
2333 Rayburn House Office Building
Washington, DC 20515

Reference: State and Tribal Assistance Grants Letter of Support

Dear Congressman Rouzer:

I am pleased to support the City in seeking a State and Tribal Assistance Grant to replace the sewer line along Railroad Street in Clinton. We believe petroleum contamination has prematurely deteriorated our sewer line necessitating the replacement of approximately 1000 feet of PVC sewer line. While state regulators are working to address the contamination, financial assistance to repair our damaged line has been elusive.

Ensuring the integrity of our sewer system and related infrastructure is incredibly important to our community. I appreciate your consideration and assistance regarding this request. I look forward to working with you on this request and future projects that will improve services for our citizens.

Respectfully,

Lew Starling
Mayor
