Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$1,000,000 for expansion of sewer treatment capacity for the Town of Benson in fiscal year 2022.

The entity to receive funding for this project is the Town of Benson located at 303 East Church Street, Benson, North Carolina 27504.

The funding would be used for expansion of sewer treatment capacity. The system is currently stretched too thin and cannot handle heavy rains in addition to the increased number of users. As the city grows, it puts more and more strain on the existing sewer treatment facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress
