Dear Chairwoman DeLauro and Ranking Member Granger,

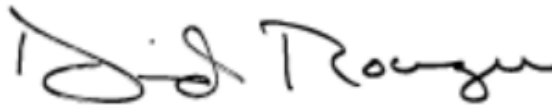

I am requesting funding for the Central Crops Research Station in fiscal year 2023.

The entity to receive funding for this project is the Central Crops Research Station, located at 13223 US Business 70 West, Clayton, NC 27520-2128.

The funding will go towards facility upgrades to the USDA-ARS corn and soybean research group and the Small Grains Genotyping work conducted at the Central Crops Research Station. The research station is the main facility in North Carolina for the USDA-ARS corn and soybean research as well as the cooperative research to improve small grains program. The Facilities and Infrastructure funding would be devoted to improving the research capacity of the Soybean and grains groups.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
