2333 Rayburn House Office Building  
Washington, DC 20515

Congressman Rouzer,

It is my pleasure to be writing you on behalf of the residents of Surf City. As you know, Surf City continues to be a regional economic hub and inasmuch, sewer treatment and disposal is always a top priority. In preparation for future effluent disposal projects to expand capacity, we are seeking to add another equalization basin to our current wastewater treatment facility to further the quality of effluent being generated.

Your assistance in helping fund this project will allow the Town to be prepared for the future expansion projects as well as help maintain a rate structure that keeps hard working North Carolinians in mind.

We appreciate your support and also appreciate you maintaining your office here in Surf City to be available to our residents.

Sincerely,

A handwritten signature in blue ink that reads "Teresa B. Batts". The signature is written in a cursive, flowing style.
