

Congress of the United States
House of Representatives

March 31, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Fayetteville Regional Airport Ramp Reinforcement Project in fiscal year 2024. The entity to receive funding for this project is the Fayetteville Regional Airport located at 400 Airport Road, Suite 1 Fayetteville, NC 28306. The funding would be used to create a 18,050 square-foot international arrival terminal at Fayetteville Regional Airport.

The project is an appropriate use of taxpayer funds because the Airport Improvement Program is authorized by 49 U.S.C. 47100 et seq. The Fayetteville Regional Airport Ramp Reinforcement project is critically necessary to support the International Terminal and military operations connected to Fort Bragg. Infrastructure improvements will assist the Fayetteville Regional Airport to become a point of entry (POE) for international commercial travel and the regular military international travel for both military and charter aircraft.

The airport is situated next to the world's largest military installation by population, Fort Bragg, and is consistently used as an alternative site for Pope Army Airfield. In this capacity, the airport regularly accommodates international travel through military and charter aircraft. Additionally, it serves an important contingency role in times of maintenance, high volume, or emergency.

This project has a Federal nexus because it is for the purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

David Rouzer
Member of Congress
